

## STOCKS

The market opened up strong and continued so all day. Jumbo Extension sold as high as \$2. Kewanas was strong and Merger Mines active at yesterday's closing prices. The balance of the market was quiet. One of the features of the market today was the resumption of interest in Tonopah stocks. Tonopah Mining company of Nevada made a notable advance. For days it has been quotable at \$7 bid, but without any movement. This morning it was \$7.50 asked and a transaction was at \$7.75.

The following are the closing stock quotations, and the record of the day's sales, as received from the San Francisco stock exchange this afternoon by Broker H. E. Epstein:

TONOPAH	Bid.	Asked.

## SPARKS SHOPS MAY BE BUILT GREATER

RUMOR THAT FERNLEY WILL BE MADE DIVISION POINT FOR S. P.

Reports have been received in Reno that there is a possibility of nearly all the shop work of the Southern Pacific company from California and Oregon being brought to Sparks. In case the shops are moved to Sparks, it is said 4000 men instead of about 650 would be given employment at the shops. The station would then be taken from the Sale Lake division and placed in the Sacramento division by moving the division point to Fernley, the terminus of the new Fernley-Lassen branch. In the event that the proposed program is carried out and the division terminal moved from Sparks to Fernley, the move will probably result in the elimination of Inlay also as a division point and the terminal again re-established at Winnemucca. The Reno Gazette says the rumored move will depend on the outcome of the legislative program in Nevada this spring and the motive given is the alleged desire of the company to escape the harsh exactions of the laws of California and Oregon. The moving of the shops to Sparks would depend, according to the report, on the passage of no adverse legislation in Nevada at the coming session.

## NEW TODAY IN AD COLUMNS OF BONANZA

The original Toggery, now known as the People's Cash Store, has removed to four doors west of its previous location, taking a lease on the building next to Prouty's drug store. This firm in today's Bonanza tells of its offerings in men's furnishings, clothing, shoes and general haberdashery. The quality on sale and the prices asked are both tempting. Note the announcement by the Jumbo Extension Mining company of its latest declaration of dividend, pleasant reading in view of the fact that the bears have been having a merry carnival over this security. The Chas. S. Sprague company appears in the Bonanza today with a new ad. This corporation handles mining stocks of the better grade, both buying and selling. Land that is filled for you while you are making payments thereon is told about in today's issue. It is located in Cache valley, Idaho, one of the most productive regions in the west. It is an ideal way to secure a home and a livelihood at the same time.

Classified ads in the Bonanza will reach the homes of all in Tonopah.

NEW TODAY

## NAME IS CHANGED BY NEW COMPANY

WILL SINK MALONEY SHAFT ON SPEARHEAD GROUND TO CONTACT

Owing to objection offered by the listing committee of the San Francisco stock exchange to the similarity of names, that of the recently reorganized Spearhead Mining and Leasing company, operating the Wilber lease on the Spearhead claim has been changed to the Goldfield Shale Mining company. The stock was called for the first time on the San Francisco exchange Monday, says the Goldfield Tribune.

It is officially announced that a group of San Francisco capitalists have become interested in the company to the extent of supplying adequate funds for the thorough development of the leasehold upon a large scale. In addition to present lateral work on the 250-foot or bottom level of the Wilber shaft, the company will continue the old Maloney shaft, sunk to a depth of 215 feet on the southwestern section of the present leasehold in the early days of the camp, to the latite-shale contact, which, it is estimated, lies at a depth of approximately 750 feet. This shaft will be equipped with a sixty horsepower gasoline hoist immediately. Under the terms of the lease the parent company will have the privilege of developing its reserved territory after the shaft, which will be sunk eight by four and a half feet in the clear, reaches the latite-shale contact.

## CONSOLIDATED DECEMBER PRELIMINARY ESTIMATE

The preliminary estimate of the production and net earnings of the Goldfield Consolidated Mines company in the month of December, as announced today by A. H. Howe, secretary and treasurer, follows:

Total tons mined	29,050
Gross extraction	\$359,239.25
Operating expenses	186,000.00
Net realization	173,239.25

## TO START CONTEST AT ELY

Information comes to us from a reliable source that an election contest is soon to be started in Ely. It is said that in that precinct that several hundred ballots were marked with a lead pencil and if this is a fact these ballots are illegal and the change that would be made would affect several officials, both state and local and the United States senator. We could not learn who was going to start the contest.—Free Press.

NEW TODAY

## PERSONAL

J. W. WAINWRIGHT, a garage man of Reno, is a guest at the Mizpah.  
GEORGE BARTLETT, the attorney, returned to Carson City on today's train.  
H. A. DARMS, general manager of the Darms Coal company, returned to Coaldale this morning.  
W. D. FORSTER, traffic manager and general superintendent of the Tonopah & Goldfield railway, returned this morning from Reno, where he had been for the past several days, and continued on to Goldfield.

## TAX SUIT ON TRIAL IN FEDERAL COURT

An important case came up for trial yesterday before Judge Farrington in the district court at Carson City. It affects the payment of taxes on the property of the Nevada-California Power company. It is contended by the company that \$7,000 is approximately the amount due from it for taxation, while under the valuation fixed by the tax commission the amount is \$19,000 due to Nye county and \$34,000 to Esmeralda county.

## HOLDS FIRST MEETING

The State board of revenue held its first meeting under the new administration in the office of Governor Boyle yesterday morning and arrangements were made for an accurate statement of the state's financial condition. The report is to be made as quickly as possible with a view of perfecting legislation beneficial to the state needs, it being the intention of Governor Boyle to get down to immediate retrenchment where it will not impair the efficiency of the various state departments.

## THE HIGH PRICE

And now the price of flour is taking a jump into the air and soon we will be doing without our flapjacks in the morning. This war is surely a hard thing on one's appetite for it seems like eating gold to have a fair to average meal. Meat once a week will soon be the order and cake only on your birthday. The humble Irish potato will soon be the offering of a year's subscription for the greatest number of ways for the preparing of the fruit. Remember there are cat fish in Washoe lake and crayfish in the river.—Carson News.

## WANTED

At the Bonanza office, nice clean soft rags, large and free from buttons and hooks and eyes. Rags must be washed and of cotton. Five cents a pound will be paid for same.

NEW TODAY

## AMUSEMENTS

## BUTLER THEATER

At the Butler this evening there will be shown four reels of pictures, including Hearst-Selig Weekly, "The Man in the Vault," a Kalem drama, and "The Pines of Lory," an Edison two-reel drama featuring Murian Nesbit and Marc McDermott, showing how Patrick and Elinor, left on a lonely island, find shelter in a mysterious house with a dead man for a tenant. In their attempt to leave the island Patrick is supposed to have been drowned. Elinor is on the verge of madness from solitude when rescued. Finally the mystery is cleared up. Tomorrow, "His Inspiration," a two-reel Kalem, with Alice Joyce and Tom Moore. Sunday, a two-reel biograph, "Ernest Maltravers."—Adv.

## LIKELY

Judge—"Officer, what's the matter with the prisoner—tell her to stop that crying—she's been at it fifteen minutes. (More sob.)
